

**TOO SLOW
TO TOKYO?
WE'VE BUILT A BRIDGE
SO YOU CAN GET OVER THERE...
FAST, DIRECT, EVERY WEEK**

Did you know:

The Tokyo Bay Aqua Line is unique in that it's 4.4 km bridge simply disappears into a tunnel under the bay for 9.6kms. If you get the munchies on the way, you can stop to dine and shop at the man made island, and seriously, who could pass up a Hello Kitty Curry or a Pepsi Ice Cucumber?
